# Globalt perspektiv

“2019: the worst global score since 2006”

|                       | No. of countries | % of countries | % of world population |
|-----------------------|------------------|----------------|-----------------------|
| Full democracies      | 22               | 13,2           | 5,7                   |
| Flawed democracies    | 54               | 32,3           | 42,7                  |
| Hybrid regimes        | 37               | 22,2           | 16,0                  |
| Authoritarian regimes | 54               | 32,3           | 35,7                  |

Demokratiindeks 2019 etter regimetype

# Globalt perspektiv

*The conflict between democracy and dictatorship is actually a conflict between two different data-processing systems.*
